GRADUATE MEDICAL EDUCATION POLICY**

EFFECT OF LEAVE POLICY

POLICY NO. 2005.15

GMEC APPROVAL 9/19/05

If a leave of absence for any reason results in a resident physician, dentist or physician in post graduate training missing time that the Program Director considers necessary to achieve academic and educational goals, the resident physician may be required to make up such time. Such additional time may be necessary in order to adhere to specialty Board requirements, or it may be deemed to be appropriate by the Program Director in order to achieve departmental educational goals for a resident physician, dentist or physician in post graduate training.
